5. PROCEDURE:

The officers of the Corporation shall include:

- a) Chair of the Board;
- b) Vice-Chair of the Board;
- c) Chief Executive Officer; and
- d) Secretary;

and any such other officers as the Board may by resolution determine. The officers will be elected or appointed by resolution of the Board at the first meeting of the Board following the annual general meeting when a vacancy occurs. A person may hold more than one office. The Chief Executive Officer shall be Secretary of the Corporation. Any officer will cease to hold office upon resolution of the Board.

Duties of the officers are described in Article 10 of the Corporation’s By-laws.

The Chief Executive Officer is an employee of the Corporation and is selected through a selection process established by the Board when the need arises.

The Chair and Vice Chair of the Board and Committee Chairs will be members of the Board of Directors.

AGH/ FVM/ LCPS accepts no responsibility for use of this material by any person or organization not associated with AGH/ FVM/ LCPS. NO part of this document may be reproduced in any form for publication without permission of AGH/ FVM/ LCPS.

When possible, the Chair of the Governance and Nominating Committee will be the immediate Past Chair of the Board.

Annually, or more frequently if required, the Governance and Nominating Committee will put forward a slate of nominees for the Chair, Vice Chair and Committee Chair positions. The Chair of the Governance and Nominating Committee will provide a minimum of 21 days notice of the date of the meeting at which the Committee will consider candidates for the Officer and Committee Chair positions.

Directors with an interest in Board leadership positions may identify themselves through the annual evaluation process or by approaching a member of the Governance and Nominating Committee. Nominations by any other member of the Board may only be made with the permission of the nominee. The Committee may also approach individuals they believe to be suitable candidates.

Notwithstanding the fact that the Governance and Nominating Committee has put forward a slate of nominees, Directors will be offered an opportunity to put forward alternate nominations during the Board meeting at which Officers and Committee Chairs are being elected and before a vote is held.

All candidates for Board leadership positions will be evaluated on the basis of:

- years served and remaining to be served on the Board
- skills identified through the Board skill set matrix
- feedback from Board evaluation processes
- knowledge of governance and governance processes
- prior leadership experience
- availability to fulfill the responsibilities of the position

Any member of the Governance and Nominating Committee who is a candidate for an Officer or Committee Chair position will always absent him/herself from the discussion about the position even in the event that he/she is the only candidate.

Deliberations of the Governance and Nominating Committee regarding leadership candidates will be kept confidential out of consideration for Board Members who are not being recommended for the slate of officers and committee chairs. Any Director who was or believes that he or she was or should have been considered for a leadership position may request individual feedback from the Chair of the Committee.

Each candidate and each leadership position will be considered uniquely. Appointment to any leadership position will not automatically confer the right or the obligation to be appointed to any other leadership position.

Individuals identified as potential future leaders may be offered training and/or education opportunities to assist in their preparation. This will not automatically confer the right to be appointed to a leadership position.

Directors elected as Officers or Committee Chairs may request additional training or education, which will be granted at the discretion of the Chair of the Governance and Nominating Committee and the CEO.
